Events & Workshops at the ISC

Winter semester 2026/27

Welcome to the International Student Center (ISC)

Internationalization and intercultural relations are an integral part of our globalized world. Contacts with other cultures live through personal experiences and shared experiences. This is our mission at the International Student Center (ISC). We present ourselves to you – our students – through our welcoming culture. We want to show that the university environment of Karlsruhe and Pforzheim has a lot to offer you.

Above all, we support your good start with our varied program of events and focus on the integration of international students. I cordially invite you to become part of our diverse, international and intercultural program. Join us - and become part of this great diversity. We hope that you will feel “at home” with us and that you can also share experiences from your home country. I would like to thank our project partners and everyone else involved for supporting this program and making it possible.

Counseling and Coaching at the International Student Center (ISC)

Our core tasks include not only the integration of international students, but also advice on all aspects of studying.

By counseling, we mean focused, goal-oriented guidance and support for students with financial difficulties or problems in student accommodation. One focus of our work is advising students with children. Individual and group counseling sessions take place regularly.

We see ourselves as the first point of contact if you lack an overview. We work together to clarify problems and show you the next step. For psychological issues, we are closely networked with our Psychotherapeutic Counseling Center (PBS) and our expert social counseling service.

Our international, interdisciplinary team will work with you to develop a joint solution. Talk to us. We are here for you.

Getting to the heart of the matter - implementing the essentials.

We are available daily from Monday to Friday, from 10:00 am to 2:00 pm!
